Mangini Group is one of the world's leading brands, in the production of partition walls for interior spaces. For over 60 years, Mangini is continuously investing in research, new technology and development of new ideas, designing partition solutions of highest quality with particular attention to aesthetics, performances and environment. The Group combines **knowledge, technology and craftsmanship** to produce high value-added partition walls, highly competitive on the international and global markets.

A growth course which is based on a simple idea: to create a dialogue between **the culture of doing** and **the culture of design**, combining craftsmanship care with industrial precision, putting together the beauty of the Italian design with the efficiency of the best European technology.

**As result of its commitment Mangini offers mobile partition with different features, functionality and aesthetics.**
